## SHOW TIMES

It is typical and expected we change the running order and times as not all divisions receive entries while other divisions may be expanded into height classes. Treat this as a guide until we updated the event schedule in the final week. We do not run the event according to these time so ask anyone coming to watch to be in the venue 30 minutes prior to your estimated stage time so they do not miss you.

### \*ENTRY RESTRICTIONS\*

- Females cannot enter both Bikini Model and FitnessModel division.
- Males cannot enter both Mr Physique and Bodybuilding.

**INTERMEDIATE DIVISION.** Entry is eligible only to competitors who have not placed Top 3 in the Open Class of the division they are entering (and also not placed Top 3 in Intermediate, however we have not offered Intermediate in recent years). Intermediate offers a “stepping stone” platform. Intermediate is not divided into Height Classes. To enter a Height Class in your division you will still have to enter the Open.

### COMPETITOR'S PHOTOGRAPHS & DVD

A Professional Photographer will be taking photos at the contest - you receive all the photographs taken of you and your division for \$49.

### BACKSTAGE

Bring your own weights to pump up if required. Prestigious venues such as MVRC give no second chances with their venue, if competitors leave damage to the venue and furnishing from competitor's tan and oil. We insist your tan be applied prior to arriving at the venue, so only a final 'touch up' is required. We also discourage the use of transient products like *Dream Tan*. Competing at this venue has four compulsory conditions:

1. Competitors must bring a towel (or similar) to stand on when they are applying any tan/oil.
2. Wear sandals (or similar) at all times backstage until you go on stage.
3. Competitors must be fully clothed before sitting on chairs in the venue.
4. Do not touch or lean on WALLS or columns backstage.

### DRUG TESTING & SUPPLEMENT WARNING

Drug testing performance enhancing substances at iCompete Natural events is conducted via WADA accredited urine analysis. Over the past 3 years approx. 80% of our positive contest day tests have occurred as a result of banned ingredients in USA supplements taken on event day. **As a general rule, don't take any supplement 3 days prior to the competition.** This will avoid an inadvertent positive test from a substance only banned “in competition” which is mostly the problem we see with pre-workouts and in other supplement contamination cases. When selected for drug testing please follow the official to the test area. Let the official know if you are competing again soon, we will let you prepare and compete first.

### GUIDELINES TO FEMALE MODEL DIVISIONS

**Bikini Model** is designed for a softer figure and competitors should not have six pack abdominals and are judged only in a bikini.

**Fitness Model** should have a more trained look and aim to display six-pack abdominals and are judged only in a bikini.

**SportsModel** lays between Bikini and Fitness Models. The division is judged wearing sportswear and shoes to give both bikini and fitness competitors an even chance.
