EST RUNNING ORDER

Below is an estimated time as to when each division will come on stage. Please realise it is impossible to know how long each division will take to be judged or if all divisions will be running to give you an actual stage time. We do not run the event according to these times. **Ask anyone coming to watch you to be in the venue at least 30 minutes prior to your estimated stage time to ensure they do not miss you.**

Note: It is **YOUR** responsibility to know if the show is running early or late, no refunds will be given if you miss your division. If you turn up late for your division you **WILL NOT** be allowed onstage. All efforts will be made to keep you up to date and there will be specially appointed helpers in the designated backstage areas, instructing you on how the show is running for time. More accurate running order times will be emailed to you a week before the competition and also posted on ICN Tasmania Facebook and Group Pages.

SPLITTING DIVISIONS

Divisions will be split into height classes where deemed necessary, this will not be known until a week before the competition. Where division numbers are under 3 competitors, divisions will come on stage combined with another small division in the same category, divisions are still judged separately.

ICN has a minimum age requirement of 15 years for any competitor. Click here to see the comprehensive [judging guidelines](#) for each division. ICN advises that every competitor should understand that the judges guidelines are updated regularly and that website visitors should refresh their cache to make sure they are seeing the most up-to-date version of the page. Rule changes are recorded on the official Rules and Regulations page ['click here'](#) for the latest rule modifications.

FITNESS WEAR SUPPLIED

Men's and Women's Fitness Wear will be supplied, designs will be announced closer to the event. Competitors will be contacted about sizing a week before the show. Men's Physique to supply their own shorts.

MR PHYSIQUE, BODYBUILDING and FIGURE

Are required to do Group Quarter Turns in round one and compulsory poses in Round two. Please see picture and guidelines for posing on ICN website for further information.

BIKINI, SPORTS MODELS, FITNESS MODEL and SWIMSUIT DIVISIONS

Fitness and Bikini Models are judged in a bikini and Sports Models are judged in sportswear. All competitors in your division come on stage together, then each competitor will do an individual V Walk (Front to Back and sign off Pose only). Once everyone has completed their individual walk the entire division will be called to the front of the stage for a Symmetry (quarter turns) round. Once the judges are happy the line-up will then file off stage to be bought back later for their trophy presentation.

V-WALK (diagram to the UPPER right)

The stage V walk only requires one Front, one Back and a sign off Pose in the centre of the stage before finishing and walking back to the line-up. The emphasis of the stage walk is to display confidence with your physique by presenting a confident stage presence and persona.

ANGELS

Angels Costume: based on a bikini, the costume can resemble that of an Angel (wings), or a Showgirl Las Vegas type costume, Feathers and frills, tulle, sequins, Diamantes, anything that is feminine and "over the top" that the competitor has always dreamed of wearing, glitz, bling, and glamour is the key. However, **we do not want costumes that drag along the floor and costume must be secure**, and please ladies, nothing that bursts into flames!!!! You will need to display your creation with poise and confidence.

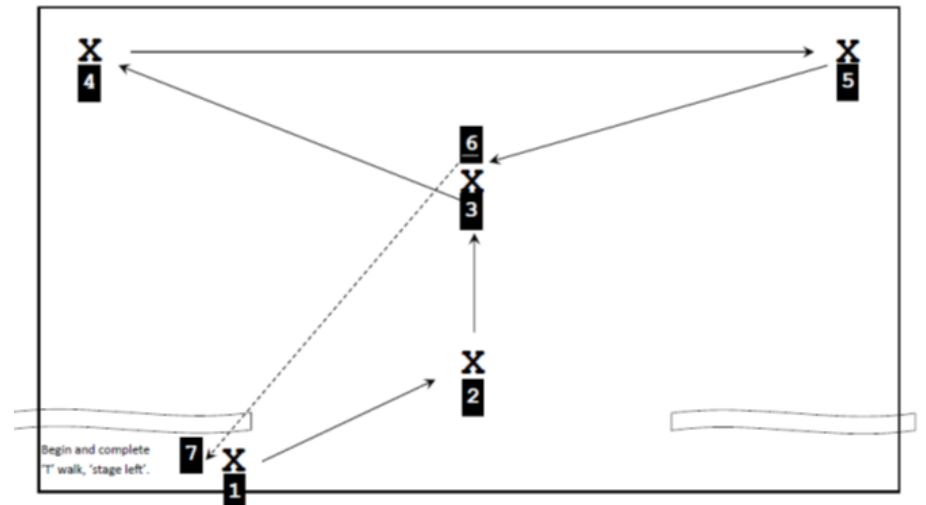

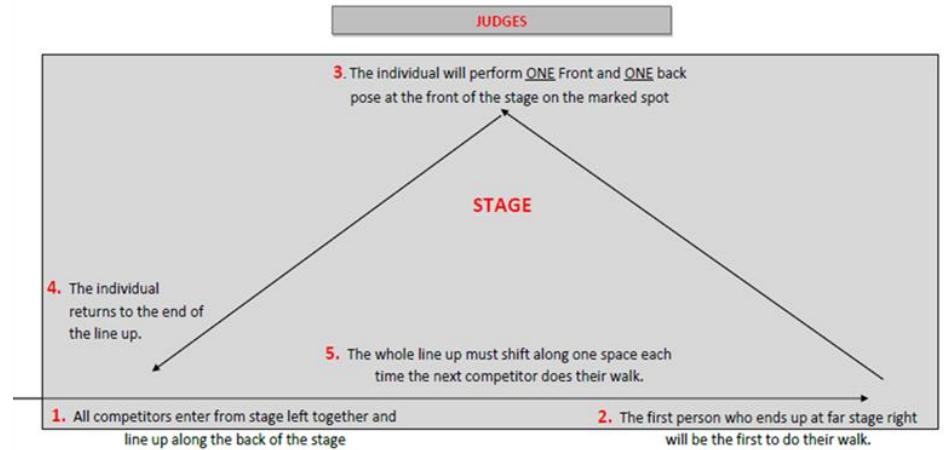

Stage: Each competitor will enter the stage individually, and have twenty seconds to display their costume. They will then file off stage and the next competitor will enter, until every competitor has had their turn to show their creation. Once each competitor has done their stage walk the line-up will be bought back onstage together. Remember, this is open to all female competitors. This is not judged entirely on the body, e.g. a six pack abdominal region is not necessary - it's more about what you bring to the stage with your presentation and personality! This is a "Fun" category! Imagine the amazing, stunning photos you will have to keep of yourself of the day!

A **T-walk** is recommended for this division, diagram to the LOWER Right.

Audience

- A. All competitors line up across the back of the stage, entering from stage left.
- B. Each competitor is called forward to do their V walk starting from stage right.
- C. Competitors do ONE front and ONE back pose ONLY, before turning back to the front to 'sign off' and off to the left side of the stage
- D. Competitors shift along the line towards the right of the stage create space for the person returning after their V walk
- E. Once everyone has done their individual walk, the line will be called forward for quarter turns and comparisons.

Make sure you listen to the calling of the head judge and/or MC, know what your competitor number is!

CHECK-IN: 1.5-2 Hours prior to your estimated stage time.

ICN *Straight to Stage* contest experience means just enter online and arrive 1-2 hours before your Estimated Stage Time. When you arrive at the venue, go to the backstage area and check-in, collect your competitor gifts and contest number before going on stage. Stress-free and easy!

BACKSTAGE GUIDELINES

The Country Club and ICN insist your tan be applied prior to arriving at the venue.

There are no restrictions on any tanning products, however, cream top coats such as Dream Tan or Sun Tan On, must be applied before getting to the venue, so only a final "touch up" is required. Most final coat tans look better if applied hours earlier!

Competing at this venue has five compulsory conditions:

1. Competitors must bring a towel (or similar) to stand on when they are applying any tan/oil.
2. Wear sandals (or similar) at all times backstage and through venue until you go on stage.
3. Competitors must be fully clothed before sitting on chairs anywhere in the venue
4. No chewing gum
5. Toilet seats must be wiped of tan after each use

Please bring your own weights/resistance bands to pump up with if required.

We need you, the competitor, to take responsibility for how you use the facility. We are privileged to use this amazing venue and want to ensure we leave it in as good a condition as we arrived, so we can use it again in the future.

A Team of officials will assist all competitors to get on stage at the right time and in the right order. They will guide you with how fast the show is proceeding and update the running time. Please note if we cannot find you in the designated competitor area we will not be able to update you, so stay where the action is.

BACKSTAGE HELPERS

Due to the limited space, each competitor is limited to 1 x Backstage helper for the comfort of all in the backstage room. Your backstage helper will only require a ticket if they decide to go into the main show. You will be provided with a discount token, when you check-in, to give to them, which will entitle them to a half price Adult ticket. They simply need to head around to the main entrance of the venue and present their token, **to purchase their half price ticket.**

VIDEOGRAPHY

The event videography is included in your competitor entry fee, and will be produced by Emma Raynor Productions. Emma's extensive work in television and filming of similar events make her videography outstanding quality. Videography will be emailed via a

downloadable link 2-3 weeks after the competition, to the email address listed on your iCompete profile.

PHOTOGRAPHER

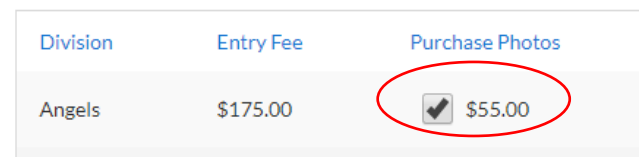

We are very fortunate to have secured Melita Jagic from Melita Magic Photography to photograph the event. Melita is well known for covering ICN shows on the mainland and we are very excited to have her down to capture your special day.

Photos can be ordered through iCompete when entering the show, simply tick the box next to the division, they are \$55 per division and will be ready in around 2-3 weeks after the competition through Melita directly.

DRUG TESTING & SUPPLEMENT WARNING

Drug testing performance enhancing substances at ICN events is conducted via WADA accredited urine analysis. Over the past 3 years approximately 80% of our positive contest day tests have occurred as a result of supplement contamination, especially pre-workout products taken on event day. **As a general rule, don't take any supplement 3 days prior to the competition.** This will avoid an inadvertent positive test from a substance only banned "in competition" which is mostly the problem we see with pre-workouts and in other supplement contamination cases.
